'HOW IT
FEELS TO
LOVE
YOURSELF'

Every half an hour I'm like... I'll just go look at the photos again. But no, I really welled up about four photos in, I just can't believe they are of me'

Option to book in with hair and make-up

-On The Day-

We will spend a little time having a chat and a cup of tea/prosecco beforehand to get you relaxed and settled

The shoot itself will last approximately 90 minutes

-After The Shoot-

I will deliver all of your edited images via an online client gallery so you can spend some time having a look through.

This process will take no longer than 2 weeks from the shoot

You can then decide if you would like to purchase any prints and downloads

THE SPACE

-A cosy studio in Worcestershire with gorgeous natural light-

I want you to feel as relaxed and as comfortable as possible during your Darkroom shoot, which is why I've stepped away from the traditional photography studio. I love this space - it has everything we need - super soft, natural window light, cosy throws and a luxurious furnishings as an extension to my own home in Redditch. It also has a bathroom built next to it, so you don't need to step away too far at any point during the shoot.

To get to the Darkroom, the address is 106 Easemore Road, B98 8EZ. There is ample parking just opposite in a private free car park - I will make sure I have a bottle of prosecco, tea or coffee and some scented candles on the go for your arrival, so if you plan on having more than one glass, make sure you have someone to collect you!

If you would like your shoot in an alternative location, that is fine too! We can discuss this beforehand.

'I look at the photos and I am proud of where I've come from, like I say I still have a way to go but thank you Amy, you made me feel beautiful'

There is no 'right time' for a shoot. You are beautiful right now and there is no such thing as 'perfection' - in fact your imperfections are what make you even more splendid.
